

CHAIRMAN'S MESSAGE

Scholars is a highly progressive and enterprising school, providing quality education with an emphasis on traditional and ethical values.

Our School takes pride in nurturing students and besides academic and extracurricular excellence, we emphasize on the importance of integrity, politeness, kindness and selflessness. Discipline, perseverance, zeal to excel, clarity in thought and decision-making ability are an integral part of our education system as it helps to set and achieve goals and qualities required to meet the challenges of the modern society.

I am proud that our staff is valued and the families connected. Our proven track record is testimony to the sincere dedication of our teachers, well supported by the parents who take pride in their ward's success as student of this truly great Institution.

The first few months of the school year are always busy. We begin the year with working on revision and clarification, with a focus on creation of our strategic plans and needs of the near future to which our Board Members contribute immensely.

I appreciate and value the continued support and contribution of our community, knowing well that ordinary people can accomplish the extraordinary, as the spirit of the Nation is in the noble hands of an astute leadership.

My sincere good wishes, happiness and success for all
