# CHAIRMAN'S MESSAGE

**HABIBUR RAHMAN MUNDOL**  
*CHAIRMAN*

It is with great pride that I wish to congratulate the editorial & creative team behind the Scholars Indian School Newsletter – “**REFLECTIONS**”. This newsletter will give you a glimpse into many events, initiatives and other programs that have been completed over the past few months.

As you all know, the education sector has faced an extremely challenging year. Innovation and digitalization has become the new norm and over the

past few months Scholars Indian School has successfully rolled out many new initiatives and plans for the benefit of our students, parents, teachers and staff. Our students have participated in numerous events and have done admirably well under such severe Covid-19 imposed restrictions.

As we emerge slowly out of this pandemic & the protracted period of remote learning in schools across the country, I am happy to say that Scholars Indian School has successfully rolled out a blended learning program that has seen the school open its doors to welcome back our students. Over the last quarter of 2021, we all hope that this will become the new norm and look forward to a time when we will invite back all our students to kickstart over again their educational & personal growth journey at Scholars Indian School.

I again would like to personally commend the team behind the “**REFLECTIONS**” newsletter. I implore you all to read this newsletter from cover to cover to learn more about our many successes.

I also urge everyone to take advantage of the UAE’s vaccination drive and get yourself vaccinated for your own personal wellbeing and the safety of those around you.

# PRINCIPAL'S MESSAGE

**HAMEED ALI YAHYA KM**  
*PRINCIPAL*

Being the principal of Scholars Indian School, it is a matter of great pleasure for me to know that the school is resuming its practice of publishing “REFLECTIONS” for the first time after a long break of almost one and half years, in order to list the updates pertaining to the school and its stakeholders.

Covid – 19 has broken all the geographical borders in its ravages and affected all people regardless of nationality, religion, level of education, income or gender. Education is no exception. Schools across the world remained closed for more than fifteen months inflicting indelible damages on student community. Thanks to the visionary leaders of this country, we were able to start online classes, though it cannot be taken as a complete substitute for physical classes.

Here, in Scholars Indian School, the students are encouraged to take advantage of this situation with the available resources and opportunities to go further in their journey of education. Thus they have been provided with several opportunities on and off the campus. ‘*REFLECTION*’ is a mirror turned towards these curricular and co-curricular activities as well as the latest developments brought out by the school on its campus and for the benefit of its student and parent communities.

The editorial board, despite many challenges and inadequacies of resources and time, has done wonderfully well to complete the newsletter comprising all the important events of the last four working months. This will definitely work as a catalyst for several others on the campus to do their bits and that is what we are eagerly looking for.

I wish all the members in the editorial board the very best in this endeavor.

## RESULTS OF GRADE X & XII CBSE BOARD EXAMINATION 2020-2021

*'Success all depends on the second letter'*

Scholars has always proved its excellence and proficiency in academic, with sterling and remarkable outcome. The responsibilities carried out in tandem by its faculties and the highly determined and oriented teams in authority has brought laurels and fame to the institution from every nook and cranny of the Emirate. The rigorous drilling, remedial sessions and continual assessments carried out during the course of the year, has undoubtedly provided a strong backup to our board batches to surmount and cope with the hurdles and challenges amidst the Covid Protocols. The CBSE results of both 10th and 12th for the academic year 2020-2021, was highly complementary and has certainly added another feather to our cap.

Our board batch of Grade 12th topped the CBSE exam with exceptional percentage and yes, deserves high commendation. To name check the toppers of the Science Stream, Fariya Jassi topped in Biology; Sachin Venugopal proved his proficiency in Math, Physics, Chemistry and Informatics Practices; Minhal Irfan topped in English, Physics and Chemistry; Sandra Rajan in Physics, Biology and Physical Education and Mohamed Nihaal Nizam in Informatics Practices.

From the Commerce stream, Nadha Ebrahim excelled in Business Studies; Milin Mariya Abraham in Business Studies; Amullya Sal Kumar topped in multiple subjects- English, Economics, Business Studies, Accountancy and Physical Education and Lamia Nazer with 88.6% in the 3<sup>rd</sup> position.

Scholars toppers of Grade 10th CBSE are also to be acclaimed for their scintillating feat in academic, with Mehra Manjalingal occupying the first place in subjects English, Second Language ( Malayalam) and Science; Afeefa Saleem bagging the second rank with excellency in subjects Second Language ( Hindi), Science and Social Science. Third rank bagged by two students, namely Arsha Devan Vasudevan Sheeja with 94.8% and Mohammed Muneer Abdul Sathar with remarkable performance in Second Language (Arabic). Hats off to all the toppers for bringing immense laurels to the school.

*Congratulations*

# WEBINARS

## FOR TEACHERS, PARENTS AND STUDENTS

**Dr. NASREEN BANU B R**  
Principal, Gulf Asian English School, Sharjah  
UAE chapter convener for CBSE Schools

*'Training helps teach the mission and vision, but employees must put the training into action for it to have a true meaning'*

Scholars have invariably aimed at catering the members of the teaching fraternity with full-fledged and outright training sessions and symposiums to keep the faculties accustomed and updated of the recent trends introduced in the field of education. Online teaching did not dissuade teachers at Scholars from getting exposed to resource persons and experts dealing with crucial subjects related to education and how to tide over the trials and tribulations that the pandemic brought in. Every subject teacher was able to reap the benefits of the training sessions and webinars, thereby amalgamating its essence with their teaching- learning methodology, in the long run making them highly poised and tenacious. To mention a few the faculties of the school had an enlightening webinar on the '21st Century Skills' by Dr. Nasreen Banu BR, Principal of Gulf Asian English School, Sharjah ; webinar on 'Social Emotional Skills' by Mrs. Nirmala Nair- Counsellor of Scholars Indian School; 'Career Counselling Webinar' by India's Top Career Counsellor, Mr. Jithin Chawla for Grade 9 to 12; Science Teacher Webinar on lesson plans and design with focus on competency and how to prepare competency based questions, by Ms. Poonam Saxena, Principal of Scholars Global School, Haryana; 'Changing Face of Education', by Ms. Mayuri Dutt ; webinar for 'Engaging Early Years Effectively Online And Role of Phonics' for KG and Primary teachers, by Ranjani Harigopal Dasa; webinar for English teachers of Grade 9 and 10 by Ms. Ruchi Sengar, CBSE Master Trainer, 'On Making Effective MCQ's'; 'Making Sense of Adolescents'- an online guidance programme for parents by Mrs. Nirmala Nair- Scholars Counsellor.

**Mrs. Nirmala Nair**  
Counsellor, Scholars Indian School, RAK

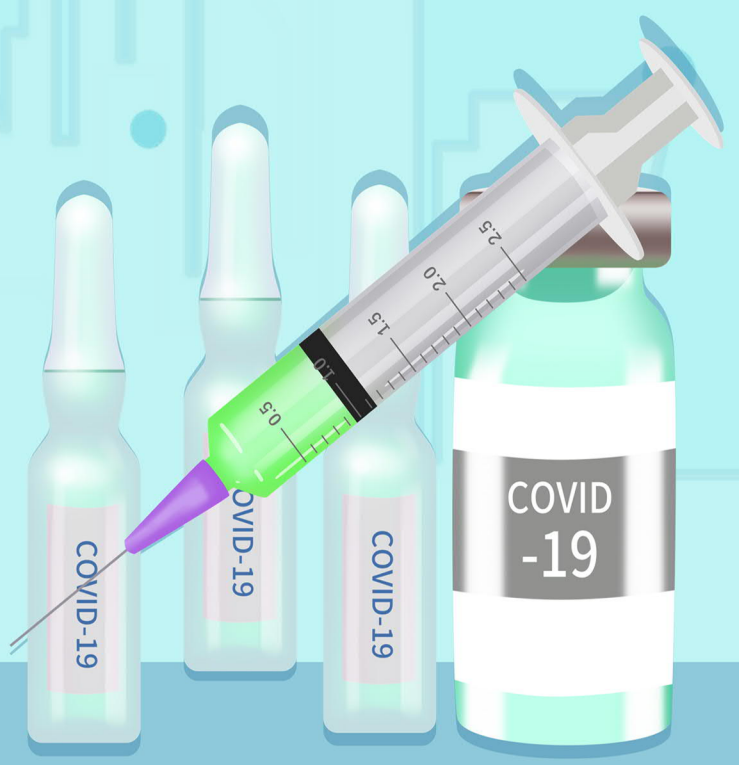

A special Video Show was also organized on 2nd and 3rd June, 2021 respectively, by the Ministry of Education on different types of Bullying for students from Grade 1 to 8, with the sole purpose to promote a culture of empathy and safe cum conducive learning environment for children.

All in all the above mentioned webinars have proved to be highly advantageous in adopting sound teaching and learning methodologies, and of course have aided our parents and students according to the growing demands of today in the educational sector.

# COVID-19 VACCINATION CAMPAIGN BY STUDENTS

The volunteers of Health & Wellness Club and staff members of Scholars Indian School materialized a video on 2<sup>nd</sup> June 2021 to encourage the necessity of vaccination among students and adults residing in the UAE. The purpose was to educate the mob about the need of getting the vaccine to stay protected from the Corona Virus. The initiative had comprehensive impact when it was aired in Media One Channel and published in a local daily. Health & Wellness club of the school has diverse programmes enlightening students as well as general public on social and health issues. Our students are highly involved in humanitarian and community based matters. Awareness videos, brochures, posters are edited and designed by the students regularly to aid students to safeguard themselves during the days of the Pandemic.

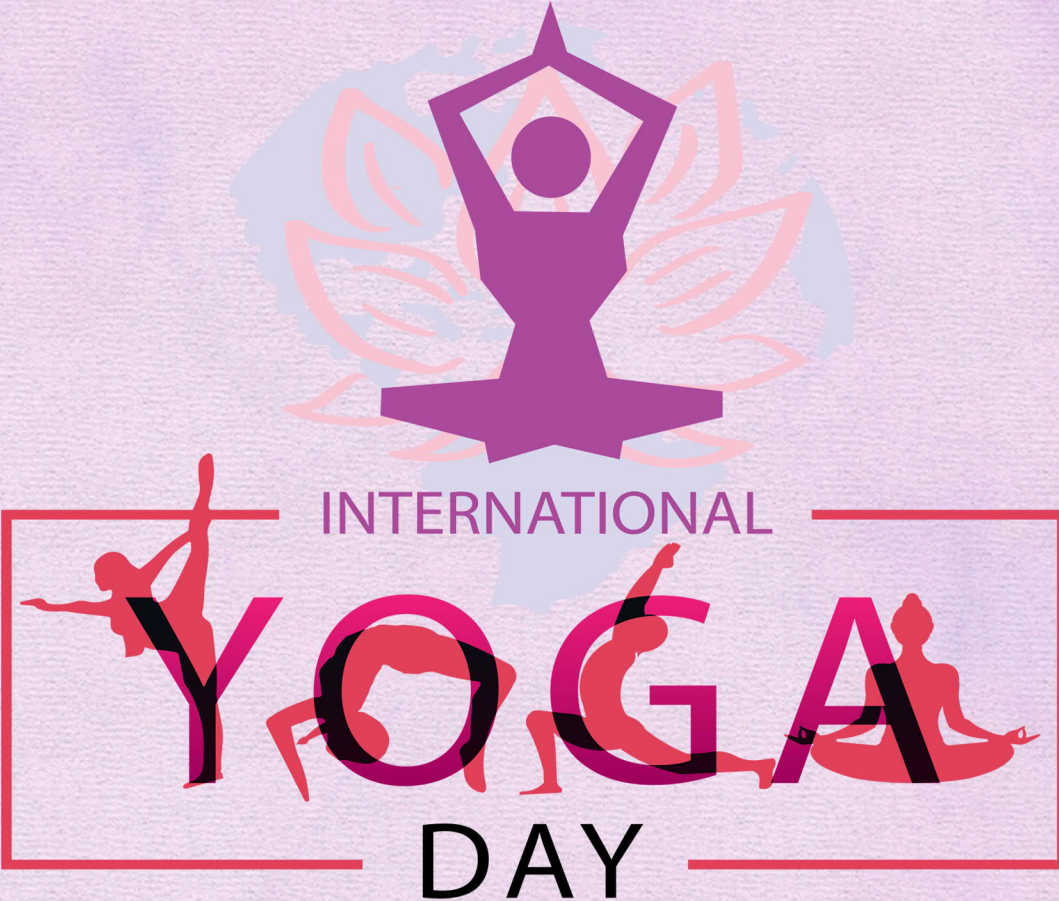

# JUNE 5 WORLD ENVIRONMENT DAY

*‘ The greatest threat to our planet is the belief that someone else will save it’*

Environment Day- Imbibing a strong sense of concern and onus towards the environment is the need of the hour. Its highly praiseworthy to know that online sessions did not deter us from commemorating the day, as Scholars with gaiety came forth with multitudes of activities accentuating the theme of the day ‘Ecosystem Restoration’. Assemblies were conducted on 6<sup>th</sup> June, 2021 to mark the day, with activities to highlight the significance of the day. Exhibits comprising posters, charts, placards, power point presentations made the day highly eventful and purposeful. In pursuance to the World Environment Day, two of our students from Grade 4 and 5 respectively participated in the 19th Climate Summit, organized by JSSPS, Dubai, enabling students to moot their ideas on the grim issues faced by our planet, thereby vowing to set up an eco- friendly environment, with a sustainable future. ‘World Ocean Day’, was also celebrated by the department of Social Studies, with special emphasis on the imperative role played by the oceans across the globe in providing an ecosystem to myriads of species. Videos were shown to expose the grave perils inflicted on the whales, owing to water contaminants, in particular plastic and other lethal disposals and certainly the reckless human activities undertaken at an alarming rate.

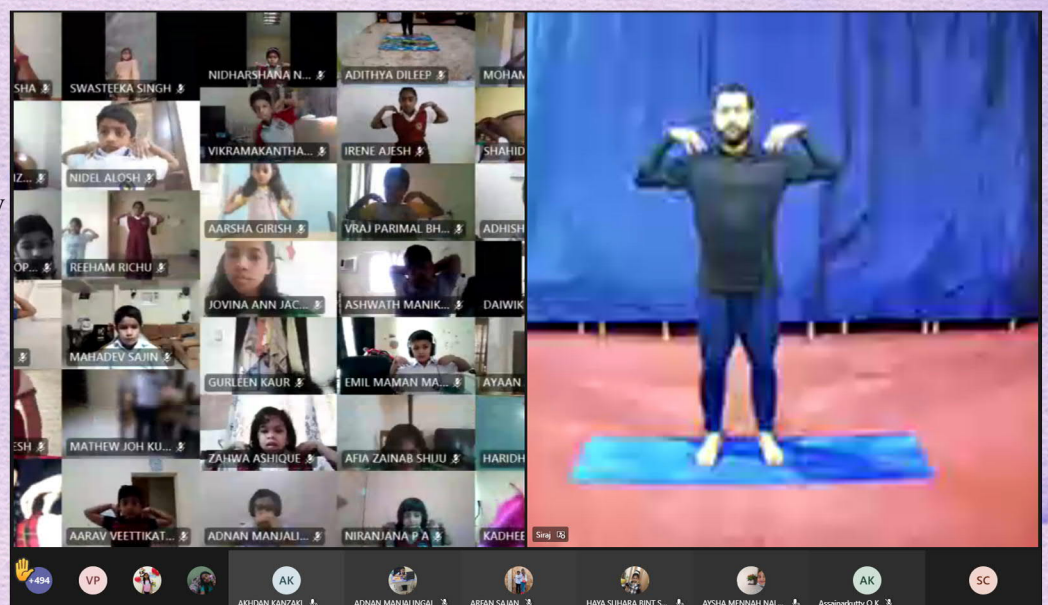

INTERNATIONAL  
YOGA  
DAY

*'Yoga adds years to your life, and life to your years'*

Scholars invariably lobby for a healthy life through regular posting of videos and documentaries, with an intention to promote a safe and hazardous free living, especially amidst the deadly epidemic that has put our lives in grave perils. Scholars prior to the outbreak of Corona epidemic, made water consumption mandatory, with a special time assigned before the interval to drink water, and not merely to be drunk to quench thirst. The idea behind the venture was to help children remain hydrated and erode health issues that occur owing to water paucity. This year too, Scholars entrusted the PE department to organize a special assembly on 20<sup>th</sup> June 2021, to mark the '*International Yoga Day*' through the MS Teams. The assembly placed thrust on practicing yoga and probe into the healthy benefits that one could reap from carrying it out on a timely basis. A special Yoga demonstration was exhibited by the HOD of the PE department, Mr Siraj and intrigued the spectators to perform the same. The school Principal Mr. Hameed Ali Yahya

in his conversation induced children to make yoga quotidian and to experience its aftermath both on our body and mind. He cited some of its efficacious outcomes and the necessity to merge the same with our daily prosaic life. Students looked raring and highly immersed in the different postures exhibited by the faculty.

# “The Book Bee”

*‘A child who reads will be an adult who thinks’*

**Reading Club:-** Reading on a perpetual basis, results in making one sapient and diverse in perceptions and ideas. Scholars is blessed to have a library abound with wide- ranging books for both students and faculties to pick from. Amidst online classes, the school undertook the task of setting up the Scholars Reading Club, with the official inaugural celebration on 3rd July, 2021, to stimulate children to read books voraciously and of course to broaden one’s horizon. The school librarian is zealously an integral part of the club, uploading story books in digital formats on a timely basis, to be read, analyzed and reviewed in the Library Activity notebook. The club also includes a council of students called ‘ The Book Bee’ an exclusive readers club 2021 -22, for the furtherance of the activities related to the reading club, who undoubtedly are avid readers.

# SCHOLARS CODING CLUB

*'Technology like art is a soaring exercise of the human imagination'*

The IT department of the school ventured into a novel idea of introducing the Coding Club, for those who yearn and show passion for technology and its mode of function.

The official club inauguration was held on 6th July, 2021 for both students and parents, with **Mr. Deepak K.C** (Head of Innovative Learning, GCC) as the Chief Guest. The club aims at tapping and unmasking the keen interest of the children and accordingly mentor them with rigorous and timely training to make the club fruitful. Activities, training sessions, webinars and exclusive competitions for the coding club members have been arranged to enhance their skills and flair.

# GRADUATION CEREMONY GRADE XII 2021

Scholars adorned the students of grade XII of academic year 2020-2021 on July 5, 2021 by conferring them the title of graduation for their commitment and steadfast completion of Senior Secondary Course. The ceremony was inaugurated by **Mr. K Unnikrishnan** (Principal of Benchmarks International School, Manjeri) online followed by the address from Principal, Vice Principal, teachers and student representatives.

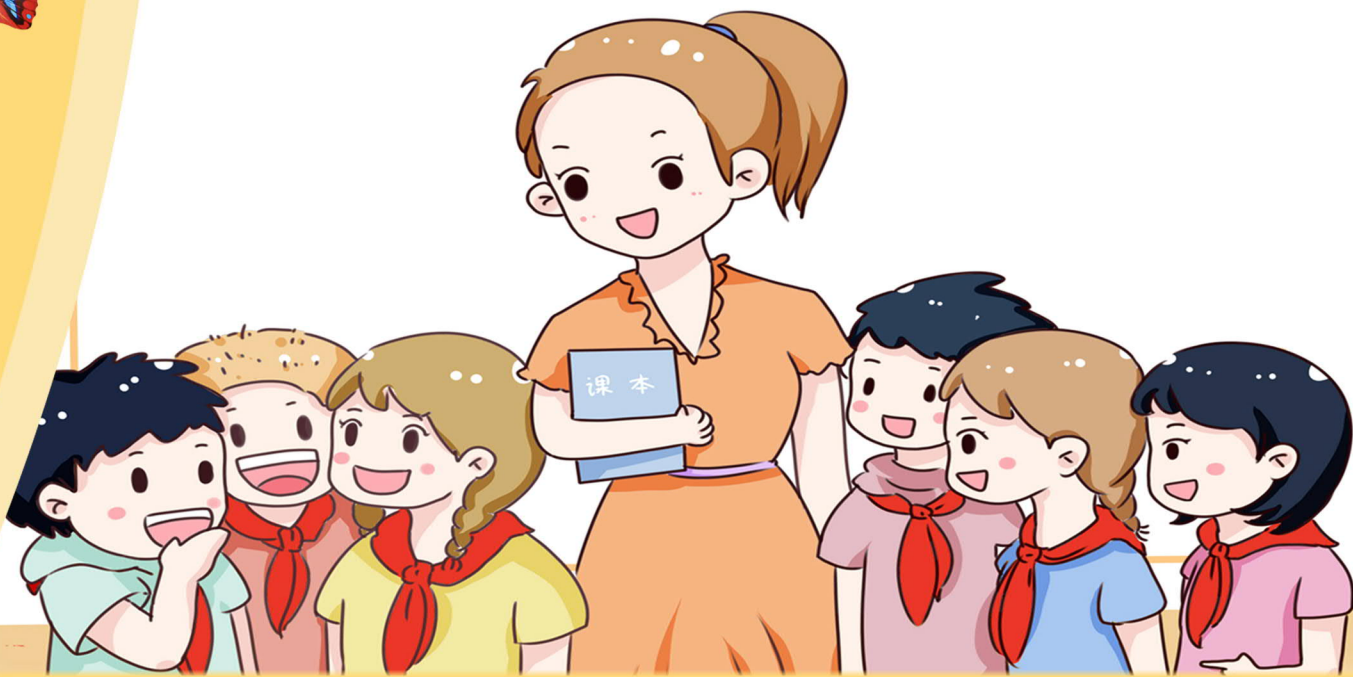

# Happy Teachers September 5 Day

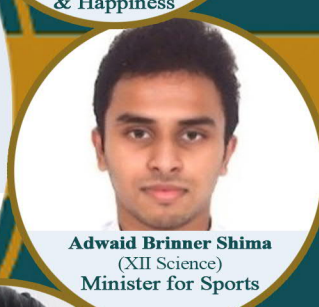

Teacher's day was celebrated on 5th September, 2021 by the Scholars with complete grandeur, and as usual a special assembly organized to mark the day. At the assembly, some of our senior most faculties were asked to share their memorable experiences with the students and how proud they felt to be an integral part of the school, moreover as a teacher. Teachers of every department were acknowledged and owed with gratitude for their strenuous and unceasing contribution to the functioning of the school. Students of Grade 11 and 12, shouldered the responsibility of taking classes in grades allotted to them, dealing with contents offered to them by the concerned subject teachers. Students impersonating as teachers controlled the class and delivered their sessions in an intriguing and efficacious manner. Kudos to the teachers of Scholars for inspiring their students and letting them take roles and experience the joy of teaching.

*"The wonder  
of teaching  
is watching  
caterpillars  
become  
butterflies"*

# SCHOLARS PARLIAMENT ELECTION 2021-22

*'Leadership is not about titles, positions or flowcharts, it is all about influencing another'*

The Scholars Parliament invariably continues with the customary practice of holding elections to appoint prefects to different portfolios. Elections held on school campus provide children with a forum to have a sound cognizance of the actual mode of elections carried out in democratic countries and the ultimate purpose in conducting the same, thereby assimilating the true meaning of democracy. At scholars students of Grade 9 and above have the volition to stand as contenders and opt for posts that they yearn for and compete with their adversaries, using their own modus operandi during the course of the campaign period. Campaigns although held online boosted the morale of the contenders, moreover letting them vent their desire and enlist for votes. The different portfolios created in the long run would aid the aspiring contenders propose and execute their ideas and resolve grievances as well, furthermore catering to the demands of all. The school meticulously scheduled its days to hold the polling on September 29<sup>th</sup>, 30<sup>th</sup> and 2<sup>nd</sup> October 2021, in accordance with the prescribed ethos of COVID -19. The most awaited results of the election was also announced shortly, with Ninan Aju Philip as the President and Alishba Naveed as the Prime Minister of the School respectively. The other portfolios were all occupied by deserving candidates, who would be unitedly functioning in unison with each other to attain the target set. Kudos to the members of the Scholars Parliament for their wholehearted synergy and collaboration, eventually leading to the grand success of the school's Parliament election for the academic year 2020-21.

# SCHOLARS QUIZ CLUB

Scholars ventures into another act of honing the skills of its students and keeping them updated with the current affairs and improving their level of knowledge in all arenas. The club intends to hold regular quiz contests to create a team of students who are acquainted with the skills of thinking beyond the box, analyzing, inferring and also gain snippets, with relevant deets of contents related to all disciplines. The first virtual screening round test was successfully carried out from Grade 1 to 12 on 17<sup>th</sup> June, 2021 and the face to face selection round for Grade 5 to 7 was scheduled on 11<sup>th</sup> September, 2021. The final rounds for Grade 1 to 4 and 8 to 12 is yet to be conducted.

Cherishing one's past and revisiting its indelible events create a sense of oneness and nationalist feelings among the compatriots of the nation. Delving into the history of one's nation and reflecting its historical events and the eminent figures associated with them, make us feel proud. The Mahatma of the nation- a man who rose in rebellion to topple the foreign power, moreover a staunch crusader of 'Ahimsa', opposing with immense fortitude and envisaging a free India with the autonomy to rule itself, devoid of any foreign intervention. Celebrating the birth of this great Mahatma does implant reverence towards the great soul and certainly refresh the true events of the bygone years. At Scholars 2<sup>nd</sup> October, 2021 was allocated to celebrate Gandhi Jayanti during the morning assembly hours with a special programme to mark the day. Playing the heart touching Hindi song 'Raghupati Raghav Raja Ram' and the impersonation of Gandhi, with his brief talk, made the day highly purposeful. Every year we have the day celebrated in various forms and this time blended classes did not restrain us from paying tribute to the father of our nation.
