Parent Grievance Procedures.

The school authorities recognize that effective school governance requires that the primary responsibility for issues involving student discipline, curriculum, assessment and promotion and other day-to-day decisions regarding school lies with the faculty, staff and stakeholders of the School and these individuals are best suited to resolve conflicts that arise with respect to these issues.

Informal Procedures: A parent should first attempt to resolve any grievance through discussion with the relevant teacher(s) or other involved persons. If the parent's concern is not adequately addressed through an informal discussion with the teacher and/or staff involved, the parent should next attempt to resolve the grievance with the appropriate supervisor, if applicable. If a grievance cannot be resolved in an informal manner, the parent may initiate a formal grievance procedure.

Formal Grievance Procedure: In instances where informal means are ineffective or otherwise not feasible, the school offers formal grievance procedures to the grievant. Grievance proceedings and information shall be kept confidential at all levels to the extent possible and permitted by law. A parent grievance is a formal written claim by a parent or group of parents identifying the concern, identifying the individual or group's resolution attempts, and identifying any law, policy, or practice that is implicated by the concern. No one shall retaliate against a parent who files a grievance under this policy (or against a student whose parent files a grievance) in good faith.

A parent may, by written request, seek a formal conference with the relevant authority (Principal, Vice Principal) to address an unresolved grievance.

The request shall succinctly describe the specific grievance(s) and related details, and shall identify any specific policy, rule, regulation or law believed to have been violated, and shall provide other relevant information to help the authority adequately understand the nature of the grievance. The grievance can be academic, behavioral, online safety, cyber bullying disciplinary, administrative and transport. According to the nature of the grievance the concerned authority will be involved to address the grievance.

The Principal with the support of relevant authority will review the grievance and conduct an investigation as necessary. After the investigation the principal with help of relevant authority finds a solution to the grievance.

The principal shall issue a written response to the grievant and the authorities involved in the process. The rationale behind the decision will be explained to the concerned authority.

Decisions of the Principal will be final.
