Dear Parents,

At the Scholars, we believe that education is a shared responsibility between the home, the school and the community. Supportive parents, caring educators and active community members are partners in education working together for the benefit of children.

Scholars has established a Parents' Council in the academic year 2014-15 to welcome and encourage the active participation of our partners in education.

Parent collaborative endeavour

As a part of collaborative endeavour towards learning, the Scholars Indian School has planned to increase, improve and enhance the participation of the parent community in the school activities from the academic year 2014-15. Towards this direction, we invite the parents who can contribute a share of their talents for the development of the students and the school. Those parents who wish to leave their mark in the minds and hearts of the students are welcomed to mail their profiles stating clearly their interest / domain to rakscholars@gmail.com . The school would only be happy to respond to any queries related to this.

Some of the areas where parents can contribute:

- Coach an athletic team or any sports
- Address the morning assembly
- Make presentations of a topic in the curriculum
- Donate materials for projects
- Provide career guidance

And what a Parents' Council is not

- a body that makes decisions for the school
- a replacement for the governing body
